

THE CREATIVE MANIFESTO

Choose an attitude of curiosity instead of certainty or defensiveness

**Release ownership of my ideas,
so they can mingle and expand with other ideas**

Listen deeply to others, because they will spark my own creativity

**Honor diversity of thought, experience, and opinion
as the source of truly innovative solutions**

**Be okay with stepping out of my comfort zone,
accepting some discomfort**

Focus on possibilities: "We can do this if...." and "How can we...?"

Have fun!
